Our Strengths

Saltbush Training offers dedicated ICT Security Training services from recognised experts in the industry. We believe that our service strengths deliver value for all our clients:

- **Recognised by Government** – Our Certificate IV Course in information security management and the I-RAP training program delivered for DSD have received excellent client feedback
- **Our course content remains current** – ICT Security requirements change every year – Saltbush runs a dedicated update training program for ISM, PSM, DSM and ISO 27001 and other standards
- **Qualified Trainers** – All Saltbush Trainers are Certificate IV qualified. As they practice in industry they also have an applied and practical knowledge of issues affecting clients.

“Very beneficial – I finally understand what the ISM is all about, thanks!” – participant feedback ISM Fundamentals Course.

Benefits we Deliver to Our Clients
